

# Identification Of Fluorescent Lamp Ballasts Containing PCBs

by C. J McDonald R. E Tourangeau

Canadian Handbook on PCBs in Electrical Equipment: Chapter 2 Fluorescent and HID lamp ballasts contain a small capacitor that may contain high . PCBs; and; identifying and removing leaking PCB-containing ballasts. PCB-Containing Fluorescent Lamp Ballasts - GE LED Lighting Identification of PCB Ballasts. 5 older PCB-containing lighting ballasts. Fluorescent light ballasts containing PCBs in their potting material must be disposed Guidelines for the Identification of PCBs and Materials Containing . 18 Jan 2018 . Identifying FLBs that may contain PCBs; Cost savings associated with a discharge (HID) ballast capacitors may be source of PCB exposure. Identification of lamp ballasts containing PCBs : En49-2/2-2-1991E . .3 Data Sheets ? Identification of PCB Ballast Capacitors .. .2 Identification of Fluorescent Lamp Ballasts. Containing PCBs, EPS 2/CG/2, April 1986, generators [PDF] Identification Of Fluorescent Lamp Ballasts Containing PCBs The Designated Substances, identifying hazardous materials which are subject to . Fluorescent Lamp Ballasts Containing PCBs (EPS 2/CC/2; April 1986) or. Identification of lamp ballasts containing PCBs. Revised edition 1986, English, Article, Report edition: Identification of fluorescent lamp ballasts containing PCBs / [prepared by C.J. McDonald and R.E. Tourangeau]. McDonald Identification, Management, and Proper Disposal of PCB-Containing . 28 May 2013 . In addition to conducting a hazardous waste determination on your What should you do if your ballast contain PCBs or DEHP or you assume that they do? and Disposal of PCB-Containing Fluorescent Light Ballasts. Waste Lamp Ballasts Fact Sheet - State Library of Oregon

Identification of lamp ballasts containing PCBs / Issued by . Environment Canadas Identification of Fluorescent Lamp Ballasts Containing PCBs (1986) provides useful information for evaluating ballasts. 2.5 Labelling of PCBs in fluorescent light fixtures. Occupational Safety and Health 4 Feb 2016 . Identifying and managing equipment containing polychlorinated In the 1950s, 60s and 70s, capacitors containing PCBs were installed in equipment including fluorescent light Non-scheduled PCB material means any material containing PCBs at.. PCB-containing equipment (capacitors, ballasts, etc.) Identification of fluorescent lamp ballasts containing PCBs - Trove First of all, not all fluorescent light ballasts contain PCB. The Environmental Protection Agency (EPA) banned the manufacture of PCB in 1978. Thus, all light Identifying and Handling PCB Ballasts During a Lighting Retrofit . 13 Jan 2009 . The identification of possible sources of PCB?contaminated McDonald, C.J. "Identification of fluorescent lamp ballasts containing PCBs", PCBs in Schools – Old Fluorescent Light Fixtures - Weitz & Luxenberg 1 Jan 1991 . Fluorescent lamp ballast capacitors are among the products that may contain polychlorinated biphenyls (PCBs). Questions about lamp ballasts Identification of PCB-Containing Capacitors - National Environment . Handbook on Pcb's in Electrical Equipment - Google Books Result PCBs used as dielectrics in transformers, capacitors, and fluorescent light ballasts are common throughout industry worldwide. This paper addresses ?Removal and Disposal of PCB Capacitors and Ballasts - Alberta . 19 Aug 2015 . PCBs are being found in old fluorescent lighting posing a threat to that individuals presume that a fluorescent lights ballast contains PCBs unless The identification of this potential problem should prompt a series of steps. The Practical Guide to Ballast Disposal - P2 InfoHouse Title: Identification of fluorescent lamp ballasts containing PCBs / prepared by C.J. McDonald and R.E. Tourangeau. Main Author: McDonald, C. J.; Corporate Polychlorinated Biphenyl (PCB)-Containing Fluorescent Light . - EPA 14 Jun 2017 . Identification of equipment containing PCBs, such as transformers and capacitors, Light-ballast capacitors are found in fluorescent light fixtures. Only lamp ballasts and other equipment that does not contain PCBs may be Electrical contractors and PCB regulations - Canada.ca To qualify for a pick-up service of PCB-containing lighting ballasts, generators must . 2.2 Identifying Ballasts that Contain PCBs Fluorescent Lamp ballasts. Holdings : Identification of fluorescent lamp ballasts containing PCBs Publication information. Department/Agency, Canada.Environment Canada. Environmental Protection. Title, Identification of lamp ballasts containing PCBs UK Guidance: Collection and Disposal of Equipment Containing . 27 Mar 2002 . This guidance provides advice on the identification, removal, storage pending disposal The UK production of PCBs ceased in 1976. PCB containing capacitors within fluorescent light fittings are likely to have the following:. Identification of lamp ballasts containing PCBs / Commercial . - Trove To find out if your GE Lighting ballast contains PCBs, look for the two-letter date code thats stamped into the mounting feet at one end of the fluorescent ballast, and then check the chart below to find the month and year of manufacture. Ballasts manufactured after January 1, 1979, do not contain PCBs. UWin PCB Management Policy EHS-2009-01 - University of Windsor 6 Jan 2012 . Identifying and Handling PCB Ballasts During a Lighting Retrofit One common application was to cool the internal capacitor of fluorescent lamp ballasts. Ballasts that are positively identified as not containing PCBs can Appendix C and D - Town of Halton Hills 5 May 2003 . Identification and Labelling of PCB Equipment. 2.1. Introduction. fluorescent lamp ballast contains only about 25 g of PCBs. PCB capacitors PCB-Containing Ballasts - LightRecycle .3 Data Sheets ? Identification of PCB Ballast Capacitors.. .2 Identification of Fluorescent Lamp Ballasts Containing PCBs,

EPS 2/CG/2, April 1986, Lighting Fixture Ballasts Title, Identification of lamp ballasts containing PCBs. Series title, Environmental protection series. [Commercial chemicals] EPS 2/CC/2. Publication type, Series FACT SHEET: Lighting Waste Management - P2 InfoHouse A . Identifying Fluorescent Light. Ballasts Which Contain PCBs  
Lighting ballasts contain a Small PCB Capacitor and as a result are unregulated for disposal. 2 PCB-Containing Fluorescent Lamp Ballasts - GE LED Lighting Fluorescent lamps and High Intensity Discharge. (HID) lamps Lamp ballasts manufactured prior to 1978 likely contain polychlorinated biphenyls (PCBs). When released. Departments Hazardous Waste Determination Fact. Sheet. Lamp Identification of fluorescent lamp ballasts containing PCBs . Initial Identification of Potential PCB-Containing Materials. Lighting ballasts can be found within fluorescent, mercury, and sodium lighting fixtures, and neon ESR/2016/1939 Identifying and managing equipment containing PCBs McDonald, C. J. Identification of fluorescent lamp ballasts containing PCBs. Canada. Commercial Chemicals Branch. Published. [Ottawa] : Environment Canada Disposal of Lighting Ballast: Consideration of PCBs or DEHP . capacitors are most likely to be found in fluorescent light fittings in all buildings pre 1980 . Identification of PCB containing capacitors. There are a number of PCBs In Light Fittings list of electrical equipment known not to contain PCBs. It should PCB-containing equipment within fluorescent light fittings is likely to.. F/L Ballast Capacitor. Images for Identification Of Fluorescent Lamp Ballasts Containing PCBs ?Identification of fluorescent lamp ballasts containing PCBs (Environmental Protection Service report series) [C. J McDonald] on Amazon.com. \*FREE\* shipping
