

# Ground-based And Airborne Telescopes: 24-31 May, 2006, Orlando, Florida, USA

by Larry M Stepp American Astronomical Society Society  
of Photo-optical Instrumentation Engineers

BLAST Autonomous Daytime Star Cameras 6265, Orlando, FL, USA, Wednesday 24 May 2006. 10.1117/.  
Detectors and Instrumentation for Astronomy III, Orlando, FL, USA, 24 -31 May 2006 Presented at: Ground-based  
and Airborne Telescopes, Orlando, FL, USA, 24 May 2006. Ground-based and airborne telescopes : 24-31 May,  
2006, Orlando . Ground-based and airborne telescopes: 24-31 May, 2006, Orlando, Florida, USA, Part 1. Front  
Cover. Larry M. Stepp, American Astronomical Society. SPIE Grism Performance for Mid-IR (5-40 microns)  
Spectroscopy Orlando, Florida, United States 24 - 31 May 2006 . SPIE Astronomical Telescopes and  
Instrumentation 2006 brought together astronomy, technology, Space Telescope Systems; Ground-based and  
Airborne Telescopes and Instrumentation Ground-based and Airborne Telescopes: 24 - 31 May 2006, Orlando .  
Ground-based and airborne telescopes : 24-31 May, 2006, Orlando, Florida, USA ( Book ) 11 editions published in  
2006 in English and held by 37 WorldCat . Stepp, Larry M. [WorldCat Identities] 31 May 2006 . Ground-based and  
airborne telescopes, electronic resource, 24-31 May, 2006, Orlando, Florida, USA, Larry M. Stepp, chair/editor ;  
sponsored Astronomical Telescopes and Instrumentation 2006: Ground-based . Ground-based and airborne  
telescopes [electronic resource] : 24-31 May, 2006, Orlando, Florida, USA / Larry M. Stepp, chair/editor ;  
sponsored and published Optomechanical technologies for astronomy 24 31 May 2006 - TIB (Submitted on 15 Jun  
2006) . be used to develop a high-altitude astronomical observing platform which could return high-resolution  
optical data rivaling those from space-based platforms but at a fraction of the cost. SPIE 6267, Ground-based and  
Airborne Telescopes, 2006 May 24-31, Orlando, Florida USA (6267-15). United States Naval Observatory Flagstaff
